

IEEE INTERNATIONAL CONFERENCE ON SPACE OPTICAL SYSTEMS AND APPLICATIONS

11—13 October 2023 //
Vancouver, Canada

CALL FOR PAPERS

Share your research and submit a short abstract, followed by a paper, to IEEE ICSOS 2023, to be held in Vancouver from Oct. 11 to 13, 2023.

The conference will cover technologies, procedures and algorithms that relate to free-space laser communications. The domain of the applications will consist of terrestrial, near-Earth and deep space, including conventional and quantum communications.

Submit abstracts by 1 July 2023.

icsos2023.ieee-icsos.org

Abstract Submission Guidelines:

A short abstract written in English must be submitted by 1 July 2023. The abstract must include:

- The paper's title
- Author name(s)
- Affiliation(s)
- Contact email address(s)
- A summary
- Contents (describing what is new, with figures, tables and equations if appropriate)
- References (optional)

See **conference website** for full submission instructions and template.

ORGANIZING COMMITTEE

Dr. Hamid Hemmati

Viasat, USA

Dr. Morio Toyoshima

National Institute of Information and Communications
Technology, Japan

Dr. Josep Perdigues

European Space Agency, Netherlands

Important Dates

1 July 2023 Abstract Submission Deadline

15 Aug 2023 Acceptance Notification
